"...For the Students, by the Students!"

Associated Students, Inc. ASI Graduate Academic Senator Application 2018-19

Application Ref ID: 4451 | Submitted: Tuesday, August 21, 2018 - 3:36pm

First Name:	Dina	Monday:	All day
Last Name:	Abou Salem	Tuesday:	
Position:	Senator at Large	Wednesday:	Mornings
Major:	Television, Film and Media Studies	Thursday:	Mornings
Class:	Graduate	Friday:	

1. What previous experience have you had in the area in which you are applying for?

I have served briefly and will be serving this year on the Graduate Studies subcommittee.

2. State briefly why are you are applying and/or are interested in this position

I am hoping I could advocate on behalf of graduate students namely when it comes to academic policies. The university senate would be an ideal platform to do so.

3. What do you feel are some of the major problems facing the students of CSULA?

Internal digital communication has been a challenge for students including myself. The website for example lacks usability features and needs to be overhauled keeping user experience and user interaction in mind. The content that is being shared in messaging lacks verification and is most of the time written in poor grammar and structure leaving many students at a loss.

Parking and other student facilities such as housing and the bookstore are expensive and offer no subsidy options.

Graduate student workers get paid minimum wage and get offered a limited number of work hours. They also do not get tuition reduction or waivers.

4. List activities and/or organizations that you have been involved with (on or off campus)

Associated Students, Inc. ASI Graduate Academic Senator Application 2018-19

Application Ref ID: 4475 | Submitted: Friday, August 24, 2018 - 5:32pm

First Name:	Kimberly	Monday:	
Last Name:	Glapión	Tuesday:	Anytime
Position:	Academic Senator At-Large	Wednesday:	
Major:	English	Thursday:	Between 2:30 p.m. and 5:30 p.m.
Class:	Graduate	Friday:	Anytime

1. What previous experience have you had in the area in which you are applying for?

I served as an Academic Senator at Delgado Community College representing the Liberal Arts Department. The experience aided me in being elected into the Executive Board. Also, I serve in the ex-officio capacity for my union local as a former Executive Board member, always having a seat at that table. I currently serve in the ex-officio capacity at Los Angeles Trade Technical College (LATTC) as the ASO Vice President of Finance, where I worked closely with several Senators, Commissioners, and with the Inter-Club Council Executive Board.

2. State briefly why are you are applying and/or are interested in this position

My undergraduate coursework was completed here at CSULA, so this is also a homecoming for me, and a glad one. There have been changes since my graduation, (and there should be) such as the move from the quarter to semester system and the remodeling and building of certain structures. Confucius dogma states change is constant. I know the layout of CSULA. I am also not afraid to perform a bit of investigating around campus to reacquaint myself.

3. What do you feel are some of the major problems facing the students of CSULA?

As many students as there are on campus, there are twice or more times the reasons. This is what makes student government so poignant: a student-driven, student-operated body is the power for students.

4. List activities and/or organizations that you have been involved with (on or off campus)

I serve in the ex-officio capacity at both my union local, as a former Executive Board member, and at LATTC-ASO, as their former VP of Finance. I perform community service and outreach through both venues. I continue to work and/or volunteer during political and issue campaigns. In my spare time I enjoy crocheting hats and scarves for the homeless.

Associated Students, Inc. ASI Undergraduate Academic Senator Application 2018-19

Application Ref ID: 4457 | Submitted: Thursday, August 23, 2018 - 1:13pm

First Name:	Jay	Monday:	8:30-10 AM, 12-1:30 PM
Last Name:	Doshi	Tuesday:	8:30-10 AM, 1:30-6 PM
Position:	Undergraduate Academic Senator	Wednesday:	8:30-10 AM, 12-1:30 PM
Major:	Biochemistry	Thursday:	8:30-10 AM, 1:30-6 PM
Class:	Sophomore	Friday:	

1. What previous experience have you had in the area in which you are applying for?

Last year, I got the opportunity to serve as the Environmental Affairs Commissioner for the last three months of the school year, which gave me some experience in ASI and introduced me to the type of situations happen in ASI. After working closely with some of the ASI members, I was able to get a better understanding of how the organization is run. As we are currently in a school session, I believe that with my past experience as an ASI commissioner and my knowledge of how things function in ASI would greatly ease the long transition of learning the fundamentals. This way, I can hit the ground running and start to work my full potential as soon as possible.

2. State briefly why are you are applying and/or are interested in this position

As I was elected Undergraduate Academic Senator last semester, I was unable to continue due to the timing collision between my classes and ASI. However, after talking to my professors, since I was persistent and was really interested in this position, I was able to find a solution to attend most of the meetings as an academic senator by switching a few classes around. I will keep my promise and work extra hard to make this position the most impactful it can be and make the school a better community if appointed academic senator.

3. What do you feel are some of the major problems facing the students of CSULA?

Mental health and civic engagement. Mental health is a focus that we must emphasize. As finals and midterms come around, students get more stressed about how they will perform, which can greatly affect their mental health. It is up to us to help minimize this issue and put an emphasis towards mental health. The lack of engagement is also another issue that we have at the moment that we must improve. As Undergraduate Academic Senator, I will do my best to tackle these two major problems.

4. List activities and/or organizations that you have been involved with (on or off campus)

In my free time, I like to play basketball and go swimming. Some organizations that I have partaken in are Toastmasters and Model United Nations, both speech and debate type programs. I have also launched my own medical company where I manage a group of students each year who get the opportunity to shadow different doctors. Aside from that, I am also an Eagle Scout.

From working on various political campaigns, I have been able to develop many social skills which allow me to easily get along with others and be able to perform the specified duties successfully and without a problem. Associated Students, Inc. ASI Member (ONLY) Committee Application 2018-19

Application Ref ID: 4482 | Submitted: Monday, August 27, 2018 - 11:21am

First Name:	Jacob	Monday:	8 am - 1 pm
Last Name:	Amaya	Tuesday:	All Day
Position:	Executive Committee ASI Member	Wednesday:	8 am -1pm
Major:	Communication with a Minor in Public Administration & Marketing	Thursday:	All Day
Class:	Senior	Friday:	All Day

1. What previous experience have you had in the area in which you are applying for?

The only experience I have had in this committee will be me personally sitting in the public and actively engaging in that meeting with the committee.

2. State briefly why are you are applying and/or are interested in this position

As a member of the Board of Directors, I feel this would be a great opportunity for myself to be more involved in this committee. I would like to take this opportunity if given to me to help make policy decisions and make general policy guidelines within the committee. I feel this would be a great opportunity for myself to make executive decisions and represent my representatives within ASI.

3. What do you feel are some of the major problems facing the students of CSULA?

Truthfully, I feel one of the biggest missed opportunities that face the students of CSULA is communication with there student body. For most students that I personally know, issues they have brought up in the past were not knowing what was happening within student body. Adding my personal experience as well, I feel there is very little transparency with what organizations, programs, and activities are happening on campus. Another problem I feel is apparent on campus is a lack of involvement with students on campus. I had the idea that CSULA was a commuter school, which lead me to not being involved on campus. It wasn't until I joined Hermanos Unidos de CSULA that I erased that stigma about college.

4. List activities and/or organizations that you have been involved with (on or off campus)

Currently, Im an active member of Hermanos Unidos, and serve as a board member within the organization. I am also currently involved with ASI as a college representative and serve in two committee's.

Application Ref ID: 4476 | Submitted: Saturday, August 25, 2018 - 10:43am

First Name:	David	Monday:	11AM to 1PM & 4:30PM to 9PM
Last Name:	San	Tuesday:	5PM to 9PM
Position:	ASI FUNDING SUB-COMMITTEE - STUDENT COMMITTEE MEMBER	Wednesday:	11AM to 1PM & 4:30PM to 9PM
Major:	Computer Science	Thursday:	5PM to 9PM
Class:	Junior	Friday:	8AM to 5PM

1. What previous experience have you had in the area in which you are applying for?

I would include experience in my high school from my work as an ASB Committee Leader because I believe that the Associate Bodies of any school deal with much more work than general clubs. Currently from Cal State LA, I've also taken on a couple of board positions in different clubs on campus throughout my few years here, such as Vice President, Secretary, and Treasurer.

2. State briefly why are you are applying and/or are interested in this position

Initially I was interested in applying because the position of the ASI Sub-Funding Committee sounds like it would remind me of my high school years of being a Committee Leader. That holds true now, but after I had attended the Sub-Funding Committee meeting on Friday, I had realized how small the committee is and feel and even greater urge to join to be able to help the best that I can.

3. What do you feel are some of the major problems facing the students of CSULA?

I feel a majority of the problems many students face include funding, transportation, and time. Many students that I have seen talk about being part-time students because of the lack of financial aid, others arrive late to classes because the buses were held up or didn't even show up, and other students have jobs and barely have time to do homework to do well in classes.

4. List activities and/or organizations that you have been involved with (on or off campus)

At Cal State LA, I've been involved with Tespa, ASCE, ACM, the Smash (Brothers) club, and the LoL club. Off campus I've helped my master from my martial arts classes to teach and set up and put away equipment for classes.

1. What previous experience have you had in the area in which you are applying for?

I have previously interned for the Children's Law Center right across from Cal State LA before I even thought of applying to Cal State LA. The children that are represented in court are some of the most vulnerable and naive, but I have also witnessed the young parents who range from 18 to my age (22) who have been through the upmost worst things a person can think of and I believe they deserved a voice. Age does not define vulnerability.

2. State briefly why are you are applying and/or are interested in this position

I am applying and interested in this position because based on the struggles I have seen young parents face in my time interning for the Children's Law Center of California, it has opened my eyes to view different parts to a story in whole new perspective. Children of course are the number one priority but seeing people my age struggle because of wrongful guidance, neglect, abandonment, inexperience, people simply giving up on them is the reason why even the students who have had a privilege to live a more decent life also deserve a voice because no one knows if an injury was just an injury. There are times when there are numerous possibilities to each case.

3. What do you feel are some of the major problems facing the students of CSULA?

Students of Cal Sate LA may seem privileged because they are students and they attend a university, however because of color, ethnicity, gender, they can be misinterpreted and neglected. Not everyone can speak up and provide a voice for themselves, especially in legal matters because they refuse to involve themselves in a system that might also not appeal to the students who are not born here and/or have parents that are not legal.

4. List activities and/or organizations that you have been involved with (on or off campus)

Last Name:	Glapion	Tuesday:	Anytime
Position:	Program Review Subcommittee	Wednesday:	
Major:	English	Thursday:	Between 2:30 p.m. and 5:30 p.m.
Class:	Graduate	Friday:	Anytime

1. What previous experience have you had in the area in which you are applying for?

As an ASO Executive Board member at Los Angeles Trade Technical College (LATTTC) in the Spring 2018 semester, one of my required Shared Governance Committees was Program Review. Because Program Review was heavily linked to Academic Senate (a committee on which I also had a seat), I built successful relationships with LATTTC Faculty, Staff, and Administration, specifically the Associate Dean of Student Services, Vice President of Instruction, and College President. Program Review Committee is vital to ensuring student success, both during their university studies and after.

2. State briefly why are you are applying and/or are interested in this position

I am mostly interested in this position because students' view of educational and program policy varies from administrators. Students must be involved in university policies which govern their roads to successful careers.

3. What do you feel are some of the major problems facing the students of CSULA?

Many students often question whether administrators remember being students as many of the policies are not student success-driven; rather, they seem more revenue-generating. Instead of focusing on coursework, students focus on what do they have to leverage in order to pay for tuition, books, and supplies to meet the demands of their degree program. Low-cost textbook program would benefit students from being overburdened with financial stress when they should be focusing on reading their textbooks.

4. List activities and/or organizations that you have been involved with (on or off campus)

I serve in the ex-officio capacity at both my union local, as a former Executive Board member, and at LATTTC-ASO, as their former VP of Finance. I perform community service and outreach through both venues. I continue to work and/or volunteer during political and issue campaigns. In my spare time I also enjoy crocheting hats and scarves for the homeless.

Associated Students, Inc. ASI Graduate Academic Senator Application 2018-19

Application Ref ID: 4473 | Submitted: Friday, August 24, 2018 - 4:52pm

First Name:	Kimberly	Monday:	
Last Name:	Glapon	Tuesday:	Anytime
Position:	Student Policy Committee	Wednesday:	
Major:	English	Thursday:	Between 2:30 p.m. and 5:30 p.m.
Class:	Graduate	Friday:	Anytime

1. What previous experience have you had in the area in which you are applying for?

During my tenure as Los Angeles Trade Technical College Associated Student Organization (LATTC-ASO) as Vice President of Finance, I interacted with numerous students whose problems relied on the proper interpretation of College Policy, Los Angeles Community College District (LACCD) Board Rules and any other governing documents. Many of the student policies either did not serve the student to successfully complete their programs, or the policies were so vague it was a no-win situation. As the co-author of three (3) governing documents and the author of two (2), I re-established power in the students' hands.

2. State briefly why are you are applying and/or are interested in this position

Having a place at the table to advocate for students is what makes me who I am. Because of my union activity, I am not afraid to stand up for what students need.

3. What do you feel are some of the major problems facing the students of CSULA?

During my undergraduate tenure, I visited (read: stormed in) the office of the Arts and Letters Department Chair. My graduation application had been denied though I had the credits. He showed me a monstrous pile of papers listing the students with enough credits to graduate but somehow could not. He was actually reaching out to each student to help them graduate. The term "circling the drain" occurs more often in academic settings; a combination of financial aid disbursement issues, students living off of financial aid, students changing their programs, students having to leave due to dire life emergencies, etc. As many students as there are on campus, there are twice or more times the reasons. This is what makes student government so poignant: a student-driven, student-operated body is the power for students.

Associated Students, Inc. ASI Graduate Academic Senator Application 2018-19

Application Ref ID: 4472 | Submitted: Friday, August 24, 2018 - 4:39pm

First Name:	Kimberly	Monday:	
Last Name:	Glapion	Tuesday:	Anytime
Position:	Curriculum Subcommittee	Wednesday:	
Major:	English	Thursday:	Between 2:30 p.m. and 5:30 p.m.
Class:	Graduate	Friday:	Anytime

1. What previous experience have you had in the area in which you are applying for?

As an Executive Board member at Los Angeles Trade Technical College (LATTC) in the Spring 2018 semester, one of my required Shared Governance Committees was Academic Senate. LATTC is seventy percent (70%) CTE (Career and Technical Education), meaning that the majority of programs may not transfer to a four-year university and the student enters directly into their chosen field. LATTC began developing Pathways according to program needs and type. I was fortunate to work with the Vice President of Instruction, Dr. Jim Lancaster (a CSULA graduate), regarding revising LATTC-ASO's Senate Cabinet according to the Pathways.

2. State briefly why are you are applying and/or are interested in this position

Curriculum, college-level curriculum specifically, is also one of my passions. My graduate culminating project will be curriculum for social justice and student success based on my experiences in LATTC-ASO and, hopefully, CSULA-ASI.

During my undergraduate tenure, I visited (read: stormed in) the office of the Arts and Letters Department Chair. My graduation application had been denied though I had the credits. Application Ref ID: 4089 | Submitted: Monday, June 4, 2018 - 11:23am

First Name:	Duy	Monday:	
Last Name:	Nguyen	Tuesday:	
Position:	Cal State LA Foundation Board of Directors Committee	Wednesday:	
Major:	Educational Leadership	Thursday:	
Class:	Graduate	Friday:	

1. What previous experience have you had in the area in which you are applying for?

I was involved in the Cal State LA Foundation Board of Directors Committee in previous semester. I really appreciate the opportunity to meet and connect with different members, staff, and faculty from different fields, and how we work together to build a better community at Cal State LA.

2. State briefly why are you are applying and/or are interested in this position

I'm interested in this position because I would like to be a part of making positive changes to the Cal State LA community. I want to serve in a leadership position and to represent students' needs, how to improve the quality of student experience on campus, and how to build a stronger community at Cal State LA . I'm enthusiastic to network and connect with different groups of students, administrators, faculty, and members in the community. I would like to be a positive difference maker not only on campus but also in the community here at Cal State LA. If selected for this position, I would be honored to represent and serve on the Cal State LA Foundation Board of Directors Committee.

3. What do you feel are some of the major problems facing the students of CSULA?

I think one of the major problems facing the students of CSULA is how to balance resources and support services that cater to students' needs in terms of helping them to be successful with their academic works and extracurricular activities on campus. Many students struggle to find support for maintaining a balance between their professional and personal lives with their schedules such as classes, activities, work, internship, volunteer, etc. The second issue is how to develop and provide more affordable housing options for local students, out-of-state students, and international students. Another problem would be focusing on the well-being of students, how to make avenues of mental health more accessible to students, how to offer more affordable options for healthcare coverage, and other issues related to student health.

4. List activities and/or organizations that you have been involved with (on or off campus)

ASI Screaming Eagles
National Society of Leadership and Success
Golden Eagle Productions
Global Cultural Alliance
USU Board of Directors Committee
