**1. What previous experience have you had in the area in which you are applying for?**

I've worked in the summer bridge program that helps students become leaders. As a student leader I developed lesson plans with the help of teachers and other student leaders for a class, organized trips and other class activities.

**2. State briefly why are you are applying and/or are interested in this position**

I am interested in this position because I would like to work with others who are concerned about the environment just as much as I am. I would also like to inform others and educate about the problems we face and how we can prevent them while looking for alternative solutions. I want to work for policy that would enforce sustainable practices on campus.

**3. What do you feel are some of the major problems facing the students of CSULA?**

Many students struggle to find parking space on campus while others struggle to find affordable housing.

**4. List activities and/or organizations that you have been involved with (on or off campus)**
