1. What previous experience have you had in the area in which you are applying for?

I was the environmental policy committee chair during the 2018 - 2019 school year, where I got my first experience writing policy, and working with student leaders to help Cal State LA turn into a more sustainable campus. Currently, I am Sunrise fellow with a background in training and teaching the general population about the dangers of climate change and recruiting people into the environmental movement. I will also work with other fellows in the Sunrise Movement to promote the environment. I policy to politicians in the federal government. During 2016 - 2018, I've also worked with multiple political campaigns like Bernie Sanders, Wendy Carrillo, Kevin DeLeon, and Kenneth Mejia, where I got exposed to the political world and work with more policy, canvass, and phone bank.

2. State briefly why are you are applying and/or are interested in this position

Growing up as a kid I learned to be in love with the environment by going on different hiking trails, camping trips, and being a part of environmental justice groups. I believe within my experience throughout my life I learned I finally found an area where I can work in an industry am passionate about. I believe ASI will help me gain the experience to fulfill my dreams of becoming an advocate for the greatest threat to our national security

3. What do you feel are some of the major problems facing the students of Cal State LA?

I feel students at Cal State LA don't know how climate change is the greatest existential crises facing our generation. And this is where climate deniers say stuff like "well wouldn't it be nice if the winter was warmer" and students don't realize the implications that this has for drought, famine, and wars over water.

4. List activities and/or organizations that you have been involved with (on or off campus)

 Wendy Carrillo for Congress 2017
 Kevin DeLeon for Senate 2018
 Kenneth Mejia for Congress 2018
