What previous experience have you had in the area in which you are applying for?

Some previous experience I have in the area I am applying for is my time in high school when I was apart of leadership for two years. My roles when Events Commissioner and Small School Commissioner. Both roles helped me with public speaking, they also helped me with facilitating what some of my peers wanted when it came to events on campus

State briefly why are you are applying and/or are interested in this position

I am applying for this position because I wrote a proposal on some things ASI could do to bring spirit to the campus students and to improve the voting process. Regarding the spirit on campus, I feel like ASI could be more connected to Cal State LA students on social media. Social media is super important to translate what the school has to offer and what the school does. For the ASI voting process I think it is important to encourage students to vote because it will define their voice. Something very important which ASI did the Spring semester is prizes for the amount of votes in total. Although this is good there could be a second step to this which is communicating effectively with students the prizes to get more hype around the topic and provide many reasons why students should vote.

What do you feel are some of the major problems facing the students of Cal State LA?

Some of the major problems facing the students of Cal State LA are not being able to network properly which will help them in their career. This is mainly because our campus has mostly students who are commuting to campus. To improve this aspect during the current times, there need to be more resources provided through students every week. Which could be promoted through social media or through email.

List activities and/or organizations that you have been involved with (on or off campus)
