State briefly why are you are applying and/or are interested in this position

I am applying in this position because I enjoyed my time when I was apart of ASI before, it really developed me as an individual and as a professional. But I am reapplying to ASI because COVID-19 has brought many new issues for students. I have seen how the campus is not equipped with the proper resources to help students. Cal State LA has done some work to help our students but I do believe there is so much more that we can provide our students with that are in extreme need right now.

What do you feel are some of the major problems facing the students of Cal State LA?

Cal State LA students are facing many major problems with COVID-19, many students have been left without the proper resources to be successful throughout their time at Cal State LA. Considering our campus community is made up of low-income and first generation students many of them do not have the proper resources to get through school. Many of these students have been left out without their basic needs such as a home or having access to food because of their loss of their income. Many students are now left with choosing between attending school or working to support their family that has been impacted by the pandemic.

List activities and/or organizations that you have been involved with (on or off campus)
