What previous experience have you had in the area in which you are applying for?

I am currently a college representative of HHS and I have experiences of holding office hours, going to BOD meetings as well as communicating with our College Dean and Associate Dean. Both my partner and I held our current Meet and Greet Event as well as meeting one on one with our College Dean before the semester started. Being an undergrad myself, I want to continue representing our students within this committee to the best of my ability.

State briefly why are you are applying and/or are interested in this position

I am applying for this position because I want to focus on being an asset to the HHS department. Since it is one of the largest departments that holds thousands of students within the respected majors, I want to continue being in a platform that still recognizes these students. I want to apply the knowledge I know within my first few months as a college representative to this committee and learn from others that are coming from different experiences who would be applying for this position as well.

What do you feel are some of the major problems facing the students of Cal State LA?

Some problems that students are facing would be getting a hold of advising. Previously our college department does not have as much advisors to help the students and as a result, many had to wait in long lines and fill out sign in sheets before campus would even open. However, the department recently hired 5 new advisors and are implementing call ins, zoom services, and google voice for students to get in contact this semester. Meeting with advisors is necessary to have updated information of what courses that are needed to take and to not fall behind from graduating.

List activities and/or organizations that you have been involved with (on or off campus)

- Red Cross volunteer/historian (high school)
- Link Crew freshmen orientation leader (high school)
- College Representative of HHS (2020-2021)
