V. Reports:

a. ASI President: Jacquelyn Acosta

i. Jacquelyn Acosta: I had a phone call with President Covino. We had a discussion about the CARES act and how it was dispersed. EOP funding wasn't interpreted right. Covino mentioned EOP's budget isn't going to be cut, but possibly other budgets. Lots of students had questions about housing. There needs to be better communication between students and housing and to keep students in the loop. I let Covino know similar sentiment on Health Center Frjers not following up with students too much. I am working on extending choosing the optional grading scale up until after grades are posted because many students have grades that are on the border of a B or C and won't know until after it is posted.

b. ASI Vice President for Administration: Teady Ochoa

➤ Teady Ochoa:

c. ASI Vice President for Finance: Christopher Koo

➤ Christopher Koo:

d. ASI Vice President for Academic Governance: Diana Chavez

- Diana Chavez: One of my senators was really advocating for the grading scale extension. He brought up that Long Beach has that policy that they extend it to after finals. She also explains that she will be working with CAPS.
- e. ASI Vice President for External Affairs and Advancement: Joceline Rivera Jimenez
 - Joceline Rivera Jimenez: We met with the chancellor’s office about the CARES act and how it will extend into next semester because we will most likely be online next semester as well. She explains who she would have to talk to in order to get the funding for Fall semester if classes are to be held online and we are in a similar situation to how it is currently.
- f. ASI Secretary/ Treasurer: David San
 - David San: Transition folders should be turned in by the end of May.
- g. ASI Board of Directors:
 - Jorge: I was at the alumni association meeting. Shares who has been selected to be on the board.
 - Dena: It was an honor working with all of you. Continues to give her thanks to the current administration. GroupMe and emails will be inaccessible after May 29th.
 - Gus: It really was a great team to work with. This transition will be a learning experience, the election process was pretty new with going digital.
